

THE COMANCHE CHIEF

SIXTY-FOURTH YEAR

COMANCHE, COMANCHE COUNTY, TEXAS, AUGUST 21, 1936

NO. 4

BIG VOTE EXPECTED SATURDAY

20 Years Ago

From The Comanche Chief,
August 18, 1916

At a meeting of the potato raisers Saturday, it was decided to establish a curing plant in Comanche.

With Coach Freeland in charge, Comanche High is out for the State Class A football championship this year. A training camp will be opened before school starts.

E. A. Tomlin, three miles south of Comanche, brought in the first bale of cotton Wednesday. It was sold to the Burks Mercantile Company for 15 cents and was ginned by the Farmers Gin Company.

Rev. Gardner and Rev. White closed a two weeks meeting at Indian Creek Sunday which some say was the greatest revival ever held here.

Rev. George Curlee is holding a meeting at the Newburg Baptist Church and on the opening night had several conversions and two additions to the church.

City Marshal Blue and Constable Nabers are going to rigidly enforce the speed limit in the City of Comanche. While we personally believe the limit of 8 miles per hour is too low, we should obey the law and reckless driving will especially be dangerous now as school is soon to begin.

Uncle Jack Wright lost a finger at the Cunningham Reunion this week when he fell and caught his hand in his chair, tearing away part of a finger.

There were 38 additions to the Baptist Church Sunday, 19 of whom were by baptism.

Marriages: Otis S. Cox and Miss Toonie McCarty, I. M. Tension and Miss J. May Decker, Frank Dunlap and Miss Ada Davidson.

Twins were born in Denver recently to Mabel Owen, one black and one white, the brother a Negro, the sister, a Caucasian. The father of the youngsters who deserted their mother before the birth of the twins was a Spanish Negro cook in a Denver hotel. The mother is a white woman.

The household of Gib Callaway was made to rejoice Saturday before last over the arrival of another daughter, whom the Lord sent to make her home with them. She is tiny, yet mighty in influence.

The Comanche Baptist Church was organized February 21, 1874 in the old Methodist Church building, which stood on the north end of the lot occupied by the present building. Rev. Jonathan Miller presided over the meeting. Dr. A. L. Hamilton was clerk. The following names were enrolled as charter members: J. Tiner, A. L. Hamilton, Nathan Yarbrough, J. L. Spicer, Margaret Spicer, R. R. Twitty, Mrs. Twitty, G. S. Dickerson, Mrs. Martha Dickerson, Miss Letitia Twitty, Henry Paddelford, Mrs. Adelaide Paddelford, C. G. Daventport, Sarah Davenport and Jennie Johnson.

Hoff Clears \$60 In Month On 350 White Leghorns

Hoff Brothers cleared \$60 during July on 350 White Leghorn hens on their chicken farm near Comanche according to Mayor J. E. Hoff.

Mr. Hoff said that all feed was figured on the retail price of feed and that the \$60.00 was above all expenses.

White Point Revival To Begin Friday

The annual revival at the White Point Methodist Church will begin Friday night, August 21, according to Rev. R. L. Bowman, pastor.

The pastor will be assisted by Rev. H. C. Bowman, pastor at Killeen.

OFFICIAL COUNT IN 17th CONGRESSIONAL DISTRICT

Complete and official returns on the 17th District Congressional contest of July 25—first primary—have been announced by the Democratic State Executive Committee.

The official count showed 52,127 votes polled in the 12 counties of the district, split among the three candidates like this:

Clyde L. Garrett 24,495
Thomas L. Blanton 20,088
Fred O. Jaye 7,544

Garrett's lead over Blanton finally stood at 4,407, and Garrett was 3,137 short of a majority.

The maximum voting strength of the district is slightly more than 60,147 votes. This includes exemptions. It is estimated that a possible increase of 8,000 votes may be cast in the run-off primary August 22nd.

Work To Begin On Highway 10 Here Next Week

Work is expected to get underway here next week on hard surfacing Highway No. 10 West from Comanche to the Brown County line according to Park Huntington, Resident Engineer.

Work will begin at the Brown County line and traffic at first will detour over the old Blanket road at Logan's Gap.

Many workmen with their families have already moved to Comanche and almost daily others make inquiries about rent houses, apartments, and rooms which now seem to be at a premium in Comanche. A scarcity of rent houses is also reported at Blanket.

Apology Not Meant For Tom Blanton Says Cadenhead

When B. F. Cadenhead said that he was sorry for the interruption at the Blanton speaking last week, he was not not apologizing to Blanton as stated in this paper, Mr. Cadenhead says, but was talking to the crowd.

Mr. Cadenhead said that he had no apologies to offer Blanton and that the Congressman misrepresented McGarity's indorsement of Blanton.

Sidney's Light Project Approved

Prospects for Sidney getting electric lights is excellent according to T. D. Moore who has been working on the project for the Texas Power & Light Company.

Mr. Moore has completed his work and the plans have been approved by W. P. Murphy, District Manager of Brownwood.

Lutheran Church Has Biggest Gain In 1935

The Lutheran Church showed the biggest gain in membership during 1935 according to figures recently released.

The gain for that church was 1.92 per cent as compared to 1.63 for the Baptist, the church to show the next biggest increase.

The Roman Catholic Church showed a gain of 1.03 and the Methodist an increase of 1.01. The Disciples of Christ gain was listed at 0.80.

Three churches showed a decrease, the Congregational with a decline of 0.78, the Presbyterians with 0.57 and the Episcopalians with 0.07.

Woman Is Shot Saturday Night

Alta Watson, about 30, was shot at the freight depot here shortly after midnight Saturday and was taken to a Brownwood hospital where she is reported to be recovering from a stomach wound.

According to her statement she shot herself with a .38 pistol.

There were powder burns on her left hand and it was slightly blistered, indicating that she held the barrel of the gun in that hand when it was fired, officers stated.

The pistol used was an old model and loosely constructed and did not possess much force according to officers who said its condition was probably all that saved the woman as the bullet turned after entering her stomach causing only a flesh wound.

Dove Season Opens Here September 1

The hunting season on doves will open in this zone September 1. According to regulations the same bag limit and restrictions will apply here that has been in force for the past several years. Hunters will be allowed 15 birds a day and the usual hours will govern the time of hunting.

The dove crop this year is unusually large and hunters will find little trouble at the beginning of the season in getting the limit. Water is plentiful at present but unless it rains the birds will be confined to large surface tanks by the opening of the season. This will make hunting better at these spots and will save walking over fields in order to flush the birds.

The controversy over stopping duck hunting all over the United States has not been decided. Conditions in the great drought area are causing much argument in favor of putting a three-year ban on shooting ducks in order to let them increase.

New Theatre For Gustine

A new theatre will open in Gustine next week according to Ralph Smoot who said that he would open a movie there in the J. P. Lee building on Friday, August 28th.

The new show will be known as the Palace Theatre according to Mr. Smoot who said that he had just returned from Chicago where he purchased the latest talking equipment.

In the opening picture Mr. Smoot will present Warner Baxter and Faye Alice in "King of Burlesque."

Urges New City Hall And Fire Station Here

One of the heavy tax payers of Comanche, who asks that his name not be used at this time, interviewed us this week and asked that we call attention to the need of a new City Hall and Fire Station here.

It would be a good investment for the city and would add greatly to the civic attractiveness of the town he continued.

The present Fire Hall is nothing but an "eyesore" and we are due some honor to the boys who work for nothing to protect our property, he argued.

A combination building to house both the City's business department and the Fire Department is the proper solution, he concluded.

Cemetery Working Set For Tuesday

There will be a working at the Stag Creek Cemetery Tuesday, August 25th according to Lee Drennan.

Mr. Drennan said that all who are interested in the cemetery are urged to come early and bring dinner. Those who cannot come are asked to send cash donations he said.

The annual election of officers will be held at the working, he stated.

Callaway Speaks For Clyde Garrett

Former Congressman Oscar Callaway spoke at Dublin Monday in the interest of the candidacy of Clyde L. Garrett for Congress.

Mr. Callaway spoke at De Leon Tuesday, answering Congressman Wright Patman who spoke in the interest of Blanton.

Graham Smoot Will Teach Band At The De Leon High School

Graham Smoot, son of Rev. and Mrs. J. D. Smoot of Comanche, and teacher of band at Blanket for several years, has been elected band director and instructor in band music at De Leon.

Mr. Smoot spent the summer studying in Chicago.

Roberson Sisters Remodel Store

Roberson Sisters have had the interior of their store rearranged, painted, and otherwise fixed up this week and it now presents a very pleasing appearance.

The Misses Robersons said that they were now receiving their fall merchandise and were arranging their stock and could display it more attractively with their new arrangement.

CONGRESS-REPRESENTATIVE RACES AROUSE THE VOTERS

Comanche Chief Will Gather The Election Returns

Following the usual custom, The Comanche Chief again will gather election returns Saturday night and will place them on the Bulletin Board for the benefit of the public.

County Chairman N. A. Palmer will have his office at The Chief Saturday night and under a two-year-old law, unofficial returns must be made to him as soon as the polls close and every two hours thereafter until the count is complete.

Voters are urged to cast their ballots early so that there will be no delay in counting. If the chairmen of the boxes will bring their returns to The Chief as soon as possible, or telephone Mr. Palmer as soon as the count is complete, it will be appreciated. Phone No. 2.

Clyde Garrett Addresses Big Audience Here

Approximately 1000 people attended a County Wide Rally for Judge Clyde L. Garrett of Eastland, candidate for Congress, at the Methodist Tabernacle here Tuesday night.

Judge Garrett, who is in the run-off with Congressman Thos. L. Blanton, was introduced by Hilton Burks, Secretary of the Comanche Chamber of Commerce, who complimented Garrett on his long record as Judge at Eastland and said that he regarded the judge as one of the most able men in this section of Texas.

Preceding Garrett's address the Comanche Band gave a concert. W. E. Lowe of De Leon also made a short introductory address in behalf of Garrett.

In his address Garrett answered Blanton's charge that he owed delinquent taxes to the City of Eastland and to the Eastland Independent School District. The judge said that he did owe some taxes but the taxes were on worthless property which he had offered to deed either to the school or to the city.

Answering Blanton's charge that he was the candidate of the utilities and the big interests, Garrett said that this was not true and that he had not accepted any contributions from them. Garrett was given close attention throughout his address and was cheered repeatedly.

Patterson States Platform Here

Speaking from the Comanche Band Stand in the interest of his candidacy for representative Tuesday, Tolbert Patterson stressed the platform on which he was making his race. Some of the things advocated by Patterson follow:

1. A complete revision of the tax system including a provision that a person who has title to property against which there is a vendor's lien, the person should pay only on the part he has paid for and the note holder to pay on the balance.

2. A revision of the tax system so that intangible assets should bear their proper portion of the taxes.

3. A tax on the natural resources including natural gas, sulphur, carbon black, etc., to support the old age pension.

4. More money from the State for schools so that the schools would have to depend less on local taxation and so that all children would have equal educational advantages.

5. To cut down the government expenses and oppose the creation of new commissions, etc.

6. Opposed to any automobile tax to pay old age pension.

Interest in two county contests, two commissioner races, and with special interest in the race between Congressman Thomas L. Blanton of Abilene and Judge Clyde L. Garrett of Eastland for Congress, and that between R. A. Luker of Proctor and Tolbert Patterson of Mullin for State Representative, is expected to bring out a record vote in Comanche County Saturday.

More than 4900 votes were polled in the July Primary and a heavier vote is expected in the run-off.

Cadenhead Speaks For R. A. Luker

B. F. Cadenhead, former Representative in the Legislature, and candidate for that office in the July primary, introduced Representative R. A. Luker at the Luker Rally at the Methodist Tabernacle Friday night and stated that he is now supporting Luker.

Mr. Cadenhead gave the following reasons for supporting Luker:

1. That he, Cadenhead, made the race on the Townsend Pension Plan and since his plan was rejected, he thought Luker represented the next best interest for an old age pension plan.

2. That Luker is one of the five farmers in the Texas Legislature and could render service to the farming interest of Comanche and Mills Counties.

3. That he thinks Comanche County is entitled to the representative from the two counties, the next two years as a Mills County man had been the representative eight years out of the last twelve.

4. That Luker is opposed to a complete revision of the tax system, stating that in his opinion, usually when the system was revised it resulted in higher taxes for the people.

Absentee Voting Indicates Heavy Polling Saturday

With 177 ballots cast by absentee up to Wednesday as compared to 147 cast on the corresponding day before the run-off two years ago, a heavy vote is expected in this county Saturday and may exceed that of July 25 when more than 4900 votes were cast.

There were 146 absentee votes cast before the last July primary.

What has become of the old fashioned palm leaf fans which used to be so common at protracted meetings, asks I. G. Wyatt. We do not know the exact answer, but they probably went the way of the celluloid collars and cuffs which the boys used to wear when they went home with the girls after meeting and sat in the parlors and looked at the family photograph album and wrote in the young lady's autograph album.

R. E. Daniel, auto salesman for Fagan Chevrolet Company, has heard of a new finance plan that may be of interest to prospective buyers. Mr. Daniel says he was approached by a prospective buyer the other day and easily made the sale. In closing the deal, the young man informed Mr. Daniel that he would not be able to pay on the monthly plan but he could meet the farmers plan. When asked just what this plan was, the young man answered, "Pay when the crops are gathered." When asked when his crop would be gathered, the young man explained that he was not making a crop this year, but intends to next year.

"Happy is the man that findeth wisdom, and the man that getteth understanding." — Proverbs 3-13.

Some one has said that darkness is always followed by daylight just as a depression is always followed by good times. Times seem to be getting better and it appears that we are now in the dawning.

Saturday will end local politics for two years, and after that time, we will all be behind the nominees, whoever they may be.

There will be no run-off primary in McCulloch County according to The Brady Standard. There were no county contests and only one contest for precinct commissioner. There will be an election in that precinct.

The Comanche School Board has bought two school bus bodies to be used during the coming school term. The bus driver is required to furnish all the bus except the body and also to pay for the operation of the bus. Either four or five buses will be used this year to transport the children from the rural districts to and from school.

It is more desirable for business men to have their residence in the east part of the city than in the west, says a Fort Worth real estate firm. If you live in the east part of town you have the sun at your back in the morning when you drive to work and also in the afternoon when you are returning home, while those living in the west part of town will have to face the sun both in going to work and in going home in the afternoon.

Most men work as if they were going to live forever and take little or no thought of hereafter, while they know that they must die within a short time and must live throughout eternity.

If the ordinary country weekly newspaper would publish all the free propaganda sent it, there would be no room for local news. Every day we receive dozens of letters of political propaganda, commercial propaganda, educational propaganda, etc.

U. S. Senator Morris Sheppard has been in Congress 36 years and before he was elected, was secretary to his father, who was a Congressman. He did but little campaigning in the recent primary, but won easily over four

opponents.

It is just 22 years ago this August that the European Nations jumped at each others throats with the blind anger of bulldogs and the war was on.

America entered the war nearly three years later in 1917 to make the World safe for Democracy. Just what would have happened had America remained neutral, we perhaps will never know. But most of us agree that the World has not been too safe for Democracy, even since the signing of the Armistice.

Should another war break out in Europe, most of us believe that America would be slower to enter the struggle.

Sometimes when we hear a fellow bragging about his ancestors, we wonder if they would be as proud of him as he is of them, says the Haskell Free Press.

By working faithfully eight hours a day, a fellow may work up to the job of boss and get to work twelve hours per day with extra time at night.

Dr. Francis E. Townsend, Old Age Pension Advocate, is a recent interview said, "It would be the

most disastrous thing that could befall this nation to have the present administration go back into power."

Every citizen has the right to vote for whom or against whom he pleases and no one should fail to vote on the matter. Nothing is so foolish as for two good friends to have hard feelings over an election, and many times about a candidate, who would not know either of them if he should meet them.

The life of a community and its development depend upon its business concerns. When you patronize local businesses, you help your community. Local stores, banks, and other business institutions are near you. In the long run, they will serve you best. It is worth much to live in a locality where one may have real neighbors and real friends.

Why He Went Crazy

This story, with various modifications, has been doing duty for a good while, but for the benefit of those who have not chanced to run across it we tell it again.

It concerns an inmate of a lunatic asylum, who being asked by a visitor how he got that way, replied:

"It all started when I married a widow with a grown-up daughter. Then my father being a widower, married the daughter. That made my step-daughter my step-mother, and my father became my step-son; my wife becoming the mother-in-law of her father-in-law."

"Then my step-mother had a son, who was my brother, being my father's son; but as the boy was the grandson of my wife, he was also my grandson."

"Then my wife and I had a son. My father's wife is my son's half-sister, and also his grandmother. Now it is easy to see that my father became my step-son by marrying my step-daughter. Therefore, being my father's father, I am also my own grandfather."

The visitor stopped the lunatic at this point, thoroughly satisfied as to why he went crazy.

GET GULFLUBE—
It's "Stripped for action"!

A cheap, poorly refined motor oil is like an over-dressed wrestler. Such an oil is hampered by useless waste which should be removed by further refining. Such an oil, like the over-dressed wrestler, can't do a good job!

Most 25c oils, like this wrestler, are still somewhat hampered. Some of the useless waste has been removed, but not all of it. No refiner of 25c oils could afford to carry refining further than this until Gulf perfected the Multi-sol process.

GULFLUBE MOTOR OIL, like this wrestler, is stripped for action. Stripped of all useless waste by the Multi-sol process—the finest 25c oil in America—the only 25c oil equalling premium-priced oils! For better lubrication, cleaner motor, less oil consumption—get Gulflube—at the Sign of the Orange Disc.

Blanton's National Standing Is Cited

FROM THE CHRONICLE Arlington, Va.

Arlington, Va. Friday, August 7, 1936

Congressman Thomas L. Blanton, who has done more for the District of Columbia than any member of the lower house of congress, is being bitterly assailed by two Washington newspapers who could not use him or swerve him from the path of duty and honor. Even the enemies of Judge Blanton in congress say that he is the most valuable man in that body. He is a tireless worker and could be found at his office in the House Office Building from 8 A. M. to midnight every day of the session, when not on the floor or attending the meetings of the important committees that he headed or served upon.

It was Congressman Blanton who discovered the robbery of insane World War veterans and who put through legislation that would save their estates, and protect their families. He discovered where one attorney had gotten more out of the estates of 155 insane World War veterans than they got from their own estates.

Judge Blanton's whole long life in congress has been marked by efforts to protect the U. S. Treasury from raiders. He has been a terror to corrupt and venal politicians, and being a master of parliamentary law and procedure he has killed more bad legislation than any other man in congress. It he were not respected and looked up to by democratic leaders in congress he could not have accomplished anything. That is a sufficient answer to those who abuse him.

The people of his congressional district ought to know that he has during this administration caused to be spent by the federal government in the counties of his district more than thirty-five million dollars. His entire record in congress is clean, as is his public and private life, and although he has been much abused by self seeking Washington newspapers, not one of them ever could point to a stain upon his character.

Texas never sent a braver, or manlier soul to Washington to battle for the right. There is not a yellow streak in Thomas L. Blanton and in his long career no enemy has ever charged him with dishonor. Measured in usefulness he is ten congressmen in one.

DON'T FEED WORMS

Why spend money to feed worms? Worms absorb the feed which would normally be used by young chickens to build blood, tissues and strong healthy bodies. Money is wasted in feeding worms. The birds themselves remain underweight, below normal production and highly susceptible to easily diseases. Dr. Salsbury's Avi-Tone moves up to 98 per cent of roundworms in chickens. Avi-Tone has no fillers and is 100 per cent medicine for that reason. It is the most economical to use as a flock treatment. Simple to use. It mixes easily in wet or dry mash and acts as a tonic and conditioner while actual worm removal takes place.

See us today and receive your free copy of Dr. Salsbury's new 24-page book "First Aid to Growing Poultry." It contains the latest scientific information on worm control and vaccination.

INDIANA DEATH TRAP TAKES YEARLY TOLL

EAST CHICAGO, Ind.—A death trap on the Sinclair Fly Farm here takes a yearly toll of thousands of insect lives. This death trap is a large, room-like structure in which Sinclair P.D. Insect Spray is tested for killing power on live insects. Here a

measured sample from a given batch of P.D. must kill 1,000 insects before that batch is officially passed. When you buy Sinclair P.D. Insect Spray you know before hand that it has real killing power. These Fly Farm tests prove that.

To The Voters Of Comanche County:

I take the liberty of handing you herewith some reasons why I favor Geo. Terrell for our Commissioner of Agriculture. Having had the unusual experience of having served the State in the capacity of Chief of the Pecan work under the appointment of Fred Davis, Geo. Terrell and J. E. McDonald, I favor Mr. Terrell because of his good moral character, honesty of purpose, his knowledge of the law concerning his duties and responsibilities. He is morally clean in both his public and private life.

The citizenship of the State can point with pride to Geo. Terrell as a worthy example in official life; to the youth as an example worthy of their emulation.

The office of Commissioner of Agriculture is of greater importance to the citizens of the State than Governor or any other office in the gift of the people.

MOUNT PLEASANT BAPTIST CHURCH

Our revival meeting will begin next Sunday, August the 23rd and continue through at least the Fifth Sunday.

After thinking it all over, the least one can say: God and nature has been exceedingly good to us this year. I believe that gratitude wells up in all our hearts. For that reason, I am hoping, praying and believing that we will give the best that is in us next week to the advancement of our Lord's Kingdom work.

Good singing is an asset to any community. We are going to ask and expect the singers in and around Mt. Pleasant to come and help us make this a meeting that will honor Christ and help humanity.

No matter what the world may say, the person who loves and trusts Jesus Christ and seeks to do His will, is a better person than those who disregard Christ, and ruthlessly trample His ways under their feet.

Make your own choice, but since we all must pass on, some of us hope to go out loving, trusting and seeking to serve the Man of Galilee.

We extend a warm invitation to one and all to attend and help in this meeting.

Gordon Barrett, Pastor.

Mr. and Mrs. Bill Meyers of Dallas spent the week-end in Comanche with his parents, Mr. and Mrs. Gus Meyers.

MRS. J. F. PETSICK IS BURIED AT GOLDTHWAITE

(By Rev. R. M. McGinnis)
Winnie Alice Stewart was born October the 8th, 1882, and died July 17th, 1936. She was married to J. F. Petsick July 1st, 1900. She united with the Missionary Baptist Church at an early age and was faithful to her Lord throughout her life.

She is survived by her husband and children, Odis and Otha Petsick of Big Spring, Avis Petsick of Stephenville, Leta Petsick of Goldthwaite, James, Irby T., Alene, and Walde Petsick, all of Gustine. Also, the following brothers and sisters: Melvin Stewart of Midland, Mrs. Davis Huckabee of Lubbock, Mrs. Arthur Livingston of Globe, Arizona, Mrs. Vestus Horton of Caradan, and J. L. Stewart of Caradan.

We have sustained a great loss in the going of sister Petsick. She was one of God's most loyal saints. She was always found faithful to her Lord, devoted to her family in every way. In her sickness she was very patient, and her hope and faith never once dimmed. Her life is an example of faith and devotion that has its fruit in her family and those who were fortunate to have her as friend.

The body was laid to rest in the Goldthwaite Cemetery July 18, 1936. Rev. Homer Stearns of Brooksmith, Texas assisted by R. M. McGinnis, the pastor of the family, held the funeral service at the First Missionary Baptist Church of Goldthwaite, Texas. Our sincerest sympathy goes out to the bereaved family.

DANIEL FAMILY IN REUNION AT LAMKIN ON AUGUST 2nd

Approximately one hundred people attended a reunion on August 2, held by the children of the late Mr. and Mrs. R. J. Daniel. The gathering of the children, grandchildren and great-grandchildren took place in a pecan grove near the swinging bridge on the Leon River at Lamkin. This was the first reunion held since the death of the parents in 1932-33, and is to be an annual affair hereafter. All the children were present except R. E. Daniel who was attending the Centennial.

The day was spent in music, speeches, and conversation. Music was furnished by the children of Roscoe Daniel. Addresses were made by several persons. At the noon hour, when all were gathered around the heavily-laden table, Uncle Tom Daniel returned "Thanks."

In the afternoon a committee was elected to attend to the affairs pertaining to next year's meetin. Music, singing, and picture-taking filled the afternoon, after an enjoyable day.

BAGGETT REUNION DREW CROWD OF SIX HUNDRED LAST WEEK

At the noon hour, the crowd was called to a bountiful table of

food; beef, tea, and coffee being furnished by "Uncle Bill" and "Aunt Het."

The afternoon was spent in visiting, and talks were made by Dr. Livingston, Mr. Truett, Mr. Westmoreland, and others.

Children present were Frank Baggett of Crosbyton, Joe Baggett of Lamkin, Mrs. Nona Applewhite of Albert, Oklahoma, and Mrs. Ula McCarty of San Angelo was unable to attend.

VOTE FOR E. R. Armstrong FOR Tax Assessor Collector

As this campaign comes to a close I wish again to thank you for the lead of 534 votes, lacking only a few votes of receiving a majority over my two opponents, you gave me in the last Primary.

I am renewing my pledge to you, that if elected, I will with your assistance continue to make Comanche County one of the best of officers. Further than this I have promised nothing to any man.

In conclusion I want to ask my friends to help me in every honorable way in this race and give me their support on August 22, 1936.

Thank you,

E. R. (Rufe) Armstrong

P. S. Out of regard to you, no cards will be given out at any of the voting boxes on Election Day for me.

DANGEROUS TAX IDEAS

"I favor and will stand for complete revision of our tax system."

Tolbert Patterson's Platform.

"Do you favor a PERMANENT STATE TAX COMMISSION for Texas whose duty it shall be to SUPERVISE and ADMINISTER all State taxes, and in particular to value corporate properties for taxation purposes and to EQUALIZE ASSESSMENT rates upon ALL FORMS OF PROPERTY taxes for State purposes in ALL LOCAL SUBDIVISIONS of the State?"

The above question was sent to all candidates for the Legislature by the Executive Committee of the State Teacher's Association on June 12, 1936.

I have openly discussed this for weeks. Patterson denies that is what he means. Patterson has not said what he DOES mean by "Complete Revision of Our Tax System." If he expects to accomplish "Complete Revision of Our Tax System" he must work with others who expect to accomplish "Complete Revision of Our Tax System." The others are working for the "State Tax Commission." What DOES Patterson mean?

It is not safe to guess. Better KNOW.

Yours,

Funeral Rites Held Here For Bertis Magness

Funeral rites were held at the Comanche Church of Christ Sunday afternoon for Bertis (Bull) Magness who was killed at Odessa Saturday morning. Lyle Price, minister of the Denton Church of Christ, officiated. Interment was in Oakwood Cemetery.

The following concerning his death is from the Fort Worth Star-Telegram.

ODESSA, Aug. 15.—Four technical oil field workers were killed by gas in a well in the Waddell field, 16 miles southwest of here, early Saturday morning, three in a vain effort to rescue a colleague.

One of the three who rushed into almost certain death was Bertis Magness, 28, of Breckenridge, a former Breckenridge High School and Rice Institute football star.

The other victims were: D. B. Striplin, 30, superintendent of West Texas operations for the Chemical Process Company of Breckenridge. Granville Torbert, 28, Jack Hall, 35.

These four and two other members of an acidizing crew of the Breckenridge concern, were preparing to inject hydrochloric acid into the Magnolia No. 6 Edwards well and were building up pressure in the hole when the accident occurred.

Torbert went into the "cellar," under the drilling platform to test the pressure and was overcome by gas which had collected there.

Striplin saw him fall and sprang to his rescue, only to collapse in turn. Without hesitation Magness and Hall rushed into the deadly fumes and likewise were overcome. More cautious, S. F. Guest moved slowly into the gas filled cellar, holding his breath. Nevertheless, he was stricken by the gas. He staggered out into the open and fell unconscious.

Leo Hurley, sixth member of the crew, did not go into the cellar. He and the drill crew recovered the bodies, which were brought to an undertaking establishment here.

The accident occurred at 1 a. m.

The well had been drilled into "pay" only a few days ago and was to be acidized to increase its production. The acid breaks down and increases the porosity of limestone. It is applied in the wells under pressure.

The death of Bertis Magness was the second in the family this year. A brother, Aubrey, was killed in February in a motorcycle accident at Breckenridge.

There were five Magness brothers, all stellar gridiron performers.

Aubrey was one of the "four horsemen" of the 1929 state championship "Buckaroo" team of Breckenridge High School. Bertis, another, also starred at Rice Institute.

Boyc (Boone) was a member of the 1929 Buckaroos and for the last three years has been a student and football player at Washington State University. He was the triple-threat man who made Oil Belt football history in 1929-31.

Maurice (Moco) was a Buckaroo star in 1933 and 1934 and for the last year has been attending Ventura Junior College at Pasadena, Cal., where he will enroll again in September.

James, youngest of the Magnesses, was halfback on the 1935 Buckaroo squad, which won the district championship. He will play again this year.

The Magness boys moved to Breckenridge from Comanche in 1928.

Bertis was the first Buckaroo player from the Magness clan. Since 1927 there has been a Magness on every Buckaroo team.

Other survivors are their mother, Mrs. T. M. Magness, and four sisters, Vada, Dena, Zena and Wanda. Reeves Magness, a half-brother, also survives.

Bertis was born at Blanket in 1908 and moved with his parents to Comanche, at an early age. He attended Comanche schools for ten years, his senior year being spent in Breckenridge High.

In 1927, the three elder brothers, Bertis, Aubrey and Boyce, were members of the Comanche High School Indian grid squad.

BACHELOR MAYORS SERVE COMANCHE NINETEEN YEARS

For nineteen of the last twenty-one years, the mayors of Comanche have been bachelors. This record was broken recently, however, when Mayor John Hoff married during his term of office.

J. R. Eanes, who served as mayor for eighteen years, was a bachelor of some note. His successor, Mr. Coleman, served for two years, but was not a candidate for reelection. Mr. Coleman was married, but John Hoff, who followed him in 1935, was single at the time of his election.

So far as is known there is no ordinance prohibiting the marriage of mayors in Comanche.

At this time, when the citizens of many other nations are denied the right of suffrage, the importance of our citizens voting is greatly emphasized.

—Alfred M. Landon, Republican presidential nominee.

Of course it is none of our business but when a nudist gets a thorn in her foot we reckon she has to be careful where she sits down to pick it out.—Dallas News.

Man Needs Books As Much As Food Says State Press

The following comment concerning the need of a library for Comanche was made by State Press in Tuesday's Dallas Morning News:

Comanche Chief: A city-county library has been established in Erath County and members of the library are paying an annual fee may read as many books as they please.

The Stephenville Empire-Tribune says it is the greatest single institution in Erath County. The library is sponsored by the Twentieth Century Club. We need such a library in Comanche County.

The inner man needs books fully as much as food and where there are books available there will be readers for them. The child who is brought up in a home where there are books to hand turns to these as readily and as naturally as to the things that satisfy the physical man.

Love of reading acquired early is never lost and remains through life a staff to which to cling when other pleasures pall and other senses are surfeited. Next to the availability of books in the home, there is nothing more soul satisfying than access to them in the town. An educated people is a progressive people. The community makes an investment that pays dividends when it establishes an maintains a library for the free use of the young and old of its borders.

Even the matter of good and bad taste in reading is easily directed. For the mind eager to absorb through reading if guided first to the good will learn to reject the bad, not as injurious but as not worth while. Comanche County, sitting cheek by jowl with Erath, understands the interest and pride Erath has in its county library. Those that lack appreciate more than those who have.

You're The Loser

WHEN you allow Headache, Neuralgia, Muscular, Rheumatic, Sciatic or Periodic Pains to keep you from work or pleasure.

You can't go places and do things when you are suffering—and the work or good times won't wait for you.

Why allow Pain to rob you of Health, Friends, Happiness, Money?

DR. MILES' ANTI-PAIN PILLS have been used for the relief of pain for more than forty years. They taste good, act quickly, do not upset the stomach, nor cause constipation, leave no dull, depressed feeling.

Thousands have used them for twenty, thirty, forty years, and still find that nothing else relieves pain so promptly and effectively.

Why don't you try them? Once you know how pleasant they are to take, how quickly and effectively they relieve, you won't want to go back to disagreeable, slow acting medicines.

You too may find quick relief. Why wait forty minutes for relief when Dr. Miles' Anti-Pain Pills will relieve you in ten to twenty minutes?

As a household remedy I have never found anything that equalled Dr. Miles' Anti-Pain Pills. Mrs. Silas D. Keller, Penfield, Pa.

I never found anything that was so good to stop pain as Dr. Miles' Anti-Pain Pills. I have told many about them and I find they are all using them. Mrs. Martha Lacy, Davenport, Iowa.

I have been using Dr. Miles' Anti-Pain Pills for years. I keep them on hand all the time. I can certainly recommend them for pain. Miss Audra Seybold, 2417 W. 2nd St., Dayton, Ohio.

Your Anti-Pain Pills have been a wonderful help to me. I have used them for three years and always keep them on hand. Mrs. E. Pierce, Lapwai, Idaho.

Fifteen Cent Meals For U. of T. Students

"Financially embarrassed" University of Texas students this fall will receive the benefit of the Commons, University cafeteria. For the special benefit of students who cannot afford the average food bill of \$18 per month which the cafeteria has been offering, there will be arranged a counter at which a meal to cost approximately fifteen cents may be purchased twice a day, effecting a saving of approximately \$6 per month for each student.

Formerly, a 25-cent plate was the cheapest balanced lunch or dinner offered, although for those students who "go through" the regular cafeteria line the average check has run about 23 cents, Miss Anna Janzen, manager, stated. Breakfast may be had for as little as 10 cents.

There will be no discrimination against the student who cannot afford the regular 25-cent plate lunch. Miss Janzen declared. In many colleges there have been established dining halls where impoverished students may obtain lunches or dinners for ten cents by working an hour or two, but these students are required to eat in segregated places, apart from the general student body.

At the University this fall the students who eat the 15-cent lunch or dinner will go into the regular cafeteria dining hall and will receive the same attention, service and courtesy accorded other patrons, she said. The same treatment is now accorded University students who work their way through college by working in the cafeteria.

Approximately 800 students and faculty members take their noon meal at the cafeteria, with patronage at the evening meal running between 450 and 500. In addition, 300 to 350 eat breakfast in the chuck wagon, which is a short-order lunch room maintained by the cafeteria. Service continues throughout the day in the chuck wagon and the soda fountain, with light refreshments, cold drinks and sandwiches being served until 10 o'clock at night. The cafeteria proper is open only for about two or two and a half hours at noon and in the evening.

Gov. Henry Horner of Illinois proved he was no tenderfoot when he recently visited the Texas Centennial Exposition. He served with the National Guard on the Mexican border prior to the World War and talked the language of the Southwest. He declared the "Cavalcade of Texas" at the Centennial the greatest show he had ever seen.

So important is the historic spectacle "Cavalcade of Texas" at the Texas Centennial Exposition that cloistered nuns of the Catholic church have been given permission to attend. It is one of the few exceptions to the cloistered rule on record.

Texas Leads In Honey Production

DALLAS, Aug. 1.—Texas will dethrone California this year as the champion honey producing state in the union, T. W. Burleson of Waxahachie, president of the American Honey Producers League, forecast today.

Mr. Burleson, director of the Texas Beekeepers Association educational exhibit of bee and bee products at the Hall of Agriculture of the Texas Centennial Exposition, claimed an all-time high record crop in South Texas, the big honey producing section of the state that built the \$25,000,000 World's Fair at Dallas to celebrate 100 years of achievement since gaining independence from Mexico.

The huajillo and catsclaw bushes of South Texas produced an abundance of nectar carrying blooms in March, April and May and are responsible for Texas regaining the laurels she lost to California three years ago. Prior to that time Texas held the annual record for producing honey, according to Mr. Burleson.

Then, too, this country would be much better off if more politicians had their feet on the ground instead of their ear.—Tyler Courier-Times.
